

CONVECO WITH A MECHANICAL
THERMOREGULATOR (CN 04)

CN04 250 MIS F

TIN	304824
Pesha neto	6.86 kg
Fuqia maksimale	2500 W
Termorregullator	mechanical
Për dhomë deri në	50-70 m ³
Sipërfaqja e ngrohjes	20-28 m ²
Lartësia	0.45 m
Gjatësia	1.06 m
Thellesia	0.08 m

- Maximum power : 2500 W
 - Robust metal construction with excellent design
 - Floor-standing
 - **Energy saving features**
 - **ErP Compliant** - 36% out of the maximum 40% seasonal energy efficiency
 - Optimal convection
 - Sensitive $\pm 1^{\circ}$ C capillary thermoregulator 7-40° C (values on the dial thermostat: 1 to 6) with accuracy $\pm 1^{\circ}$ C
 - **Security features**
 - Anti-frost protection - fixed on 7° C
 - Tip-over protection
 - Overheating protection
 - Switch with protection cap
 - Bathroom usage option - splash proof IP24 protectionion
- *This product is only suitable for well insulated spaces or occasional use.**

Robust metal construction of the appliance

Wide range of powers – from 500 W to 3000 W, covering heating area from 4 m² to 32 m²

Numerous energy saving and security functions for optimal comfort, safe operation and efficiency
